

The Admin page is a centralized hub for administrative tasks and allows you to view and manage your account users, vehicle groups, drivers/driver groups, landmark groups, and cameras (if applicable) quickly and easily.

The screenshot shows the 'Admin: Users' page. On the left is a sidebar with navigation options: Users, Vehicle groups, Drivers, Driver groups, Landmark groups, and Cameras. The main area displays a table of users. The table has columns for Username, First Name, Last Name, Time Zone, Email, Application access, Vehicle Group, and Actions. The 'Application access' column shows various permissions like 'GPS Insight Portal', 'HMI V2', 'FSM', and 'Sales Admin'. The 'Vehicle Group' column shows the number of groups associated with each user. The 'Actions' column contains icons for adding, editing, and deleting users.

Username	First Name	Last Name	Time Zone	Email	Application access	Vehicle Group	Actions
	Abel		US/Arizona		GPS Insight Portal	73 groups	+ ✎ ⋮
	Elisha		US/Hawaii		HMI V2 GPS Insight Portal	2 groups	+ ✎ ⋮
	Andrew		US/Central		GPS Insight Portal	2 groups	+ ✎ ⋮
	Alex		US/Pacific			138 groups	+ ✎ ⋮
	Alexis		US/Central		GPS Insight Portal	1 group	+ ✎ ⋮
	Andy		US/Arizona		FSM GPS Insight Portal	3 groups	+ ✎ ⋮
	Anthony		US/Arizona		Sales Admin HMI V2 FSM +1...	8 groups	+ ✎ ⋮
	Hogan LLC		US/Eastern		GPS Insight Portal	5 groups	+ ✎ ⋮
	Barbara		US/Arizona		Sales Admin GPS Insight Portal	1 group	+ ✎ ⋮
	Ray		US/Arizona		GPS Insight Portal	1 group	+ ✎ ⋮

Note. To view this page, you must have Full User Admin permissions.

From the Admin page, you can access the following tabs:

- **Admin: Users** – The Users page allows you to add users, manage existing users, and shows a list of your account users.
- **Admin: Vehicle Groups** – The Vehicle Groups tab allows you to add a new vehicle group, manage existing vehicle groups, and shows a list of existing vehicle groups
- **Admin: Drivers/Driver Groups** – With the Drivers tab, view your existing drivers at a glance, add a new driver, manage existing drivers, and download a .csv list of drivers. With the Drivers Group tab, see your existing driver groups, add a new driver group, and manage existing driver groups.
- **Admin: DriverIDs** – This tab is for customers with DriverID devices (e.g., keyfobs, RFID, etc.). With the DriverID tab, view assigned and unassigned DriverIDs with the ability to assign and unassign drivers.
- **Admin: Landmark Groups** – The Landmark Groups tab allows you to add a landmark group, manage existing landmark groups, and shows a list of your account’s existing landmark groups.
- **Admin: Cameras** – The Camera Admin tab, available from the Admin page of the Fleet Tracking Portal, offers a centralized location for performing basic administrative tasks associated with registered Driveri and Drive360/AIR II cameras.

Note. Advanced Administrative settings for Enterprise customers and customers with Advanced

Administration cannot be accessed from the Admin tabs listed above. To access these settings, users can select the “Use Legacy Product” link available at the top of each Admin tab (excluding Camera Admin). This link redirects to the corresponding Admin page in Classic.
