Using the Admin: Landmark Groups Tab

Link: https://help.gpsinsight.com/docs/about-the-admin-page/using-the-admin-landmark-groups-tab/ Last Updated: September 8th, 2026

The Landmark Groups page allows you to add a landmark group, manage existing landmark groups, and shows a list of your account's existing landmark groups providing the following information in sortable (ascending/descending) columns:

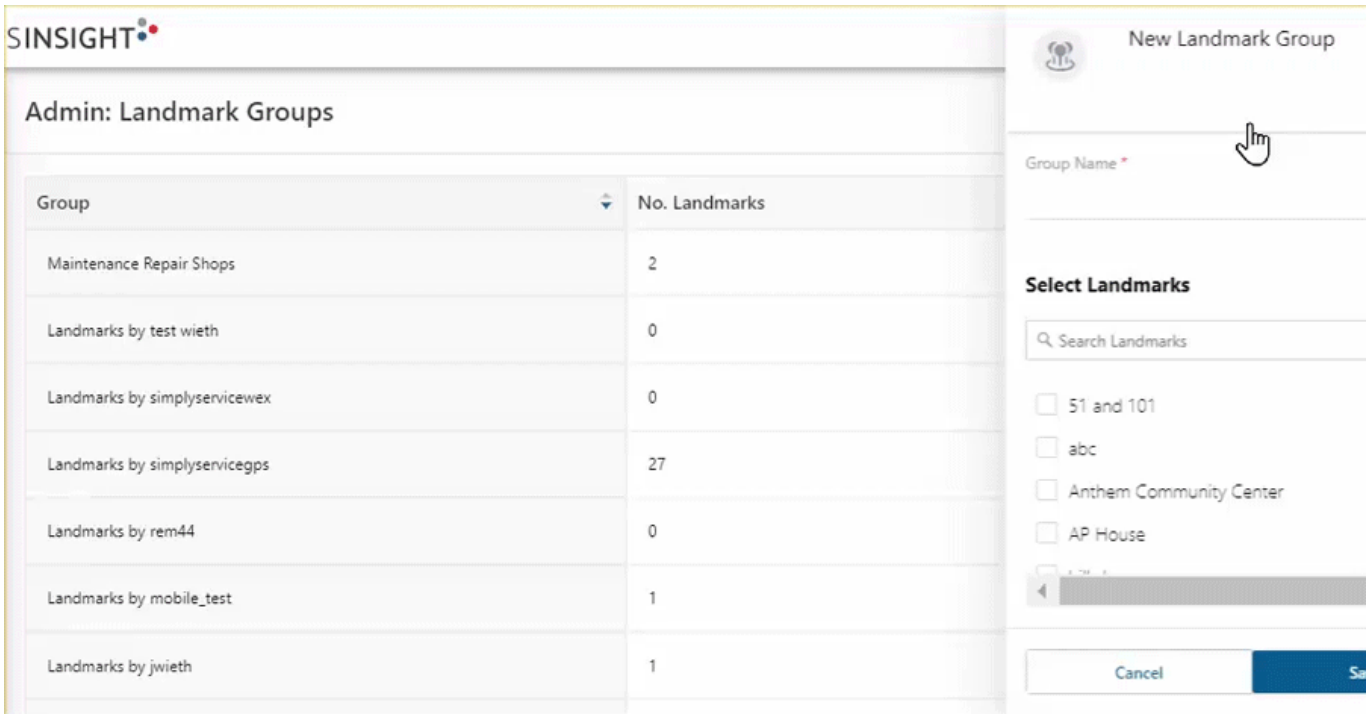
- Group
- Number of Landmarks

To manage individual landmarks (not groups), see Using the Admin: Landmark Tab.

Adding a Landmark Group

From this page, you can add a new landmark group.

How to add a new landmark group:



1. From the Landmark Groups page, click **+ New group**.

The New Landmark Group card appears.

1. Enter the following information:
    - Group Name*
    - Select Landmarks (Use the search field or locate the vehicle(s) in the list and check the corresponding checkbox).

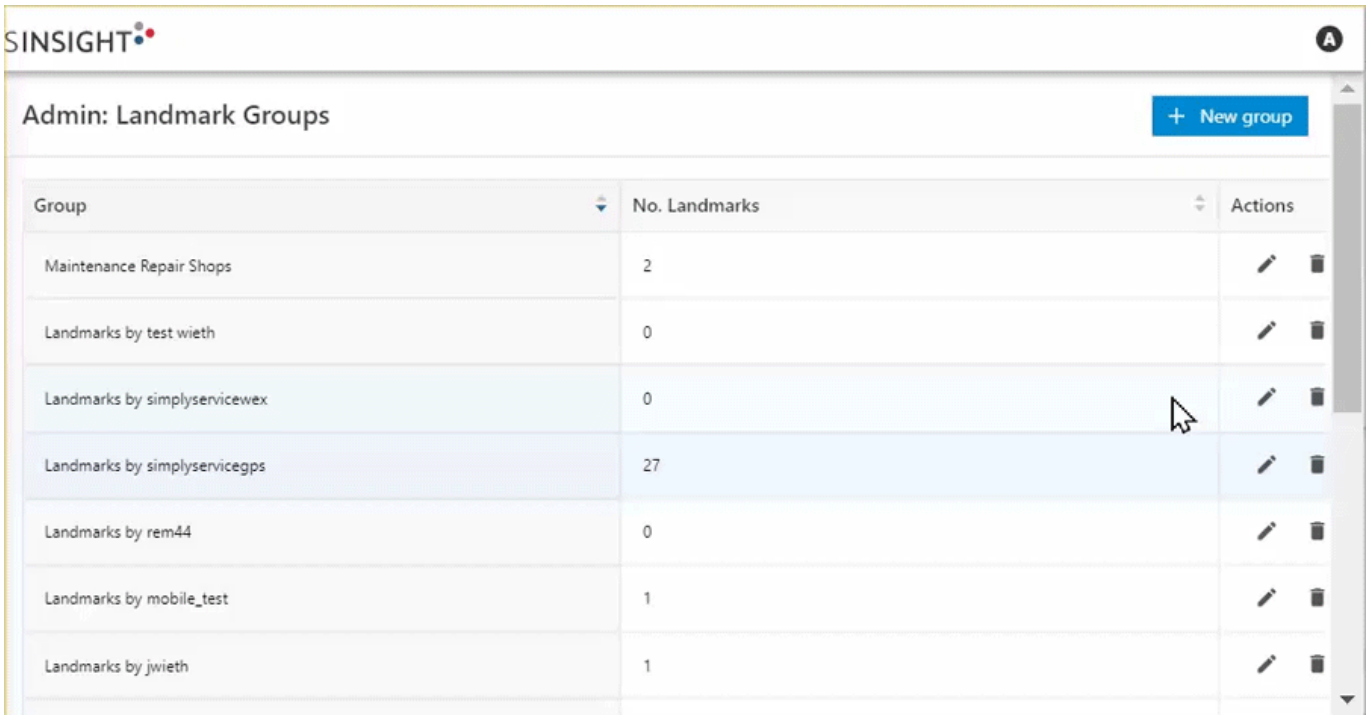
> **Note.** Fields denoted with an asterisk (*) are required.

2. Click **Save**.

If successful, a pop-up window appears confirming the landmark group has been created.

To edit a landmark group:



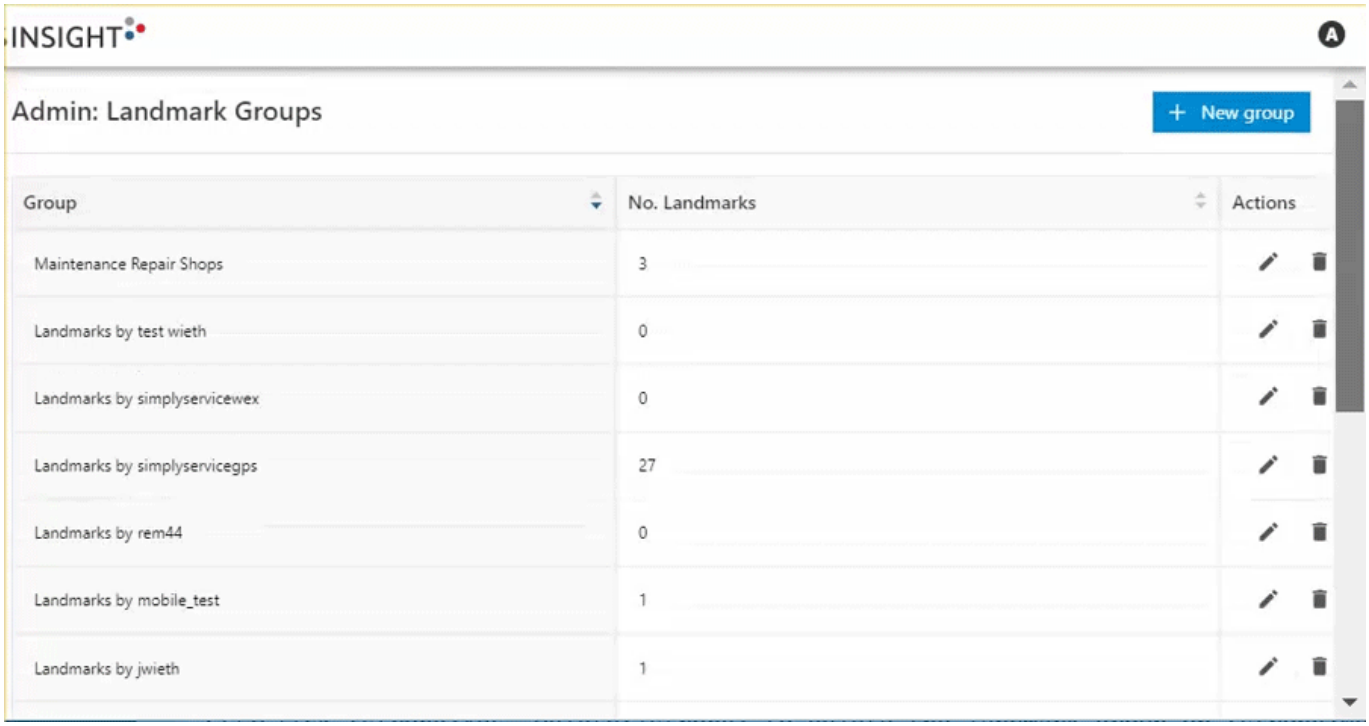
1. From the Landmark Groups page, under the “Actions” column, click on the Edit icon ( ). The Landmark Group Card appears.
2. Make your edits to the Group Name and/or selected landmarks.
3. Click **Save**.
4. If successful, a pop-up window appears confirming edits to the landmark group have been saved.

Deleting a Landmark Group

You can delete vehicle groups individually from the Landmark Groups page.

To delete a landmark group:

Using the Admin: Landmark Groups Tab



1. From the Vehicle Groups page, under the “Actions” column, click on the Delete icon ( ).
   The Delete Landmark Group pop-up appears asking you to confirm you would like to delete the selected landmark group.
2. Click **Yes, Delete** to delete the landmark group or **No, Cancel** to exit without making any changes.
3. If successful, a pop-up window appears confirming the landmark group has been deleted.
