The Map transforms your workspace into a single 2D map with quick access to vehicle, driver, and landmark management. The 2D Live map shows live updates of all vehicles. Live updating means that individual vehicle locations/statuses refresh as they occur. Other 2D map options show collective updates when the entire map refreshes (usually every 30 seconds).

Map Options

Map options allow you to filter lists, enable Full-Screen view, adjust zoom level, toggle display (Street Map or Satellite Imagery), display terrain, show Street View, and more. Please see the table below to see a complete list of map options and their functions.

The Map has the following options:

| Number | Option | Description |
|--------|-------------------|--|
| 1 | Lists | View drivers, vehicles, and landmarks in your fleet. |
| 2 | Filter | Filter the map by vehicle, hierarchy, group, vehicle status, landmarks, and/or Drivers. You may also filter the map to hide unavailable/out-of-range vehicles. |
| 3 | Toggle Panel | Click this button to show or hide the lists panel. |
| 4 | Map Type | Switch between Current or History map. |
| 5 | Search | Use this field to search the map by vehicle, driver, landmark, user, or address.. |
| 6 | Map Preferences | Click the preferences button to adjust cluster levels, trail threshold, vehicle labels, map markers, and weather opacity. |
| 7 | Map Refresh Timer | If you have Precision Updates enabled on your Account, the timer allows you to see when your map is set to be updated with vehicle locations next. |
| 8 | Profile Button | Includes name of user, username, account name, and tier. You may also log out of the Portal by clicking Logout . |

| Number | Option | Description |
|--------|--------------|---|
| 9 | Map Options | Click Map Options to show and select multiple map styles, data source, and map overlays. |
| 10 | Full Screen | Expand the map fullscreen. To exit fullscreen, press the Escape (Esc) button on your keyboard. |
| 11 | Map Controls | Use the Map Controls to interact with the map the way you prefer. |
| 12 | Street View | Drag the yellow peg man to a location on the map for street-level imagery. (Click the X in the upper-right corner to exit.) |
| 13 | Zoom in/out | Click + to zoom toward the center of the map. Click - to zoom outward from the center of the map. You can also use the mouse wheel. |
| 14 | Legend | Use the Legend tool to view the meaning of color-coded icon shapes present on the map. |

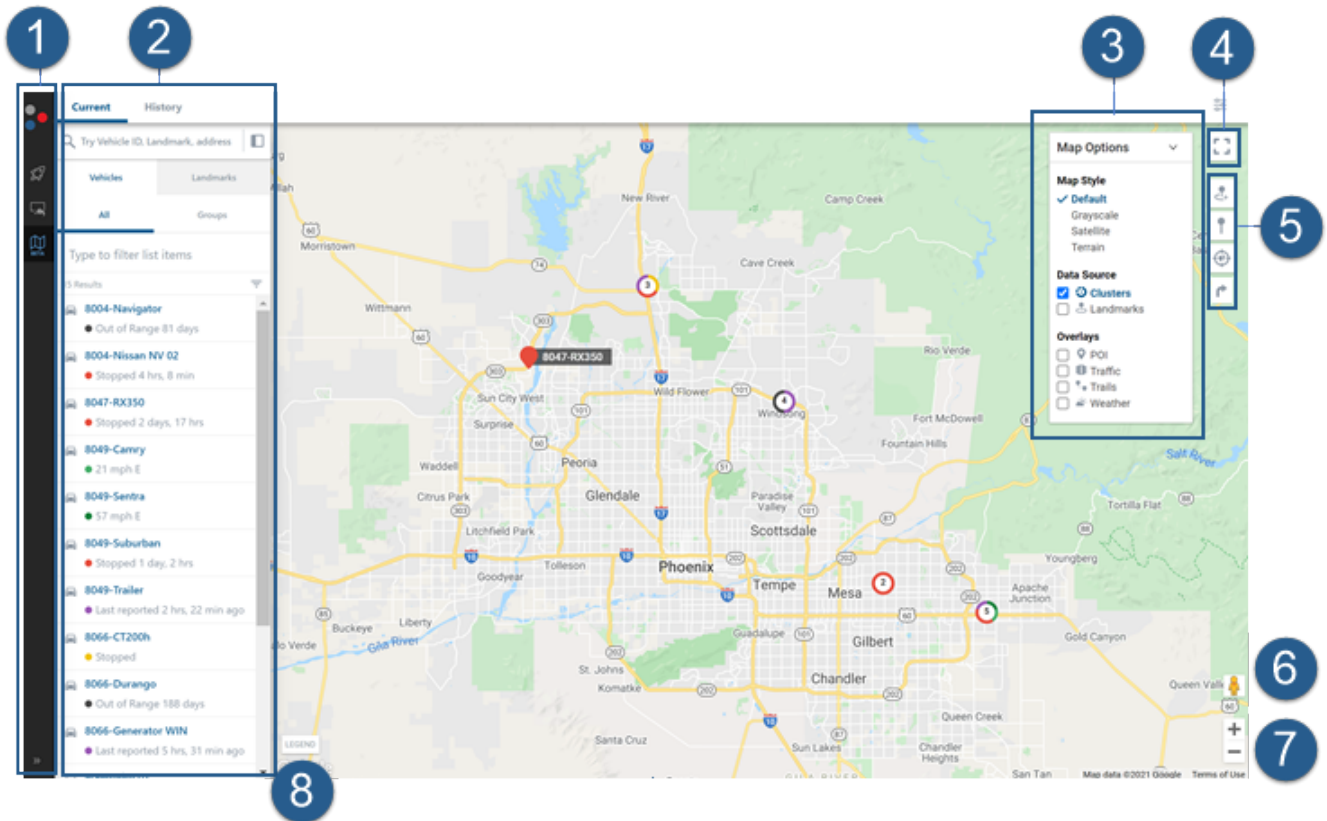

The Map transforms your workspace into a single 2D map with quick access to management of your vehicles and landmarks. You can see the current location and status of your vehicle to make informed decisions when managing your fleet.

Map Features

Map features allow you to adjust the map to meet your needs with options to toggle full-screen, expand the map legend, select your map style, filter visible vehicles, and more.

About the Map Page

Link: <https://help.gpsinsight.com/docs/about-the-map-page/> Last Updated: November 13th, 2018

The Map has the following features:

| Number | Feature | Description |
|--------|-----------------------|--|
| 1 | Navigation Bar | Use the navigation bar to navigate to the Explore page, New Map, or Classic Map. |
| 2 | Vehicle/Landmark List | Filter the map to see vehicles and landmarks in your fleet. |
| 3 | Map Options | Click Map Options to show and select multiple map styles (Default, Grayscale, Satellite, Terrain), data source, and map overlays. |
| 4 | Full-Screen | Expand the map full screen. To exit full-screen , press the Escape (Esc) button on your keyboard. |
| 5 | Map Controls | Use the Map Controls to interact with the map by creating a landmark, dropping a pin, focusing the map over all vehicles, or sending a dispatch. |
| 6 | Street View | Drag the yellow pegman to a location on the map for street-level imagery. (Click the X in the upper-right corner to exit.) |
| 7 | Zoom In/Out | Click + to zoom toward the center of the map. Click - to zoom outward from the center of the map. You can also use the mouse wheel. |
