

You can edit vehicle details or transfer a device to a different vehicle.

Edit Vehicle Details

When you register a new vehicle, basic vehicle information is required. After registration, you can edit any of the **basic vehicle information**, as well as additional settings. You cannot, however, edit the serial number. See transferring a device (below) to move a device to another vehicle.

► To edit a vehicle:

1. From the map, Search Results tab, or Vehicles tab, click the vehicle that you want to edit.
2. From the Vehicle Card, click **Edit**.
3. The following additional fields are available to modify:

Field Name	Description
Runtime	The number of engine hours.
Phone Number	The phone number used to contact the vehicle / driver. (Used with alerts and messaging.)
Email	The email address used to contact the vehicle / driver. (Used with alerts and messaging.)
Alert Preference	Select the preferred method(s) of communication for the vehicle.

1. Click **Save**.

Transfer a Device

If you need to transfer a device from one vehicle to another, the existing registration (associated with the old VIN) will be deleted.

► To transfer a device:

1. From the menu, click **More**.
2. Click **Transfer Device**.
3. In the Serial Number drop-down, choose the device you want to transfer.
4. Enter the remaining fields for the new vehicle to which you are transferring the device.
5. Click **Save**.

You can edit vehicle details, transfer a device to a different vehicle, or request deactivation.

Edit Vehicle Details

When you register a new vehicle, basic vehicle information is required. After registration, you can edit any of the **basic vehicle information**, as well as additional settings. You cannot, however, edit the serial number. See transferring a device (below) to move a device to another vehicle.

► To edit a vehicle:

1. From the map, Search Results tab, or Vehicles tab, click the vehicle that you want to edit.
2. From the Vehicle Card, click **Edit**.
3. The following additional fields are available to modify:

Field Name	Description
Runtime	The number of engine hours.
Phone Number	The phone number used to contact the vehicle / driver. (Used with alerts and messaging.)
Email	The email address used to contact the vehicle / driver. (Used with alerts and messaging.)
Alert Preference	Select the preferred method(s) of communication for the vehicle.

1. Click **Save**.

Transfer a Device

If you need to transfer a device from one vehicle to another, the existing registration (associated with the old VIN) will be deleted.

► To transfer a device:

1. From the menu, click **More**.
2. Click **Transfer Device**.
3. In the Serial Number drop-down, choose the device you want to transfer.
4. Enter the remaining fields for the new vehicle to which you are transferring the device.
5. Click **Save**.

Request Deactivation for a Device

Technical Support can deactivate a device remotely. Deactivation requests are processed at the end of the month.

▶ To deactivate a device:

1. From the menu, click **More**.
2. Click **Request Deactivation**.
3. Select the vehicle(s) to include in the request, and click **Next**.
4. Enter a reason for the deactivation, and click **Save**.

A copy of the deactivation request will be sent to the email address on file for your account. You cannot modify the deactivation request in the web interface once the request has been made. If you need to make changes, please contact [Support](#).

The Manage Vehicles page provides a comprehensive view of the information for a specific vehicle and allows you to add and edit additional vehicle information beyond what you entered during the [vehicle registration](#) process. You can also update vehicle settings by way of spreadsheet import.

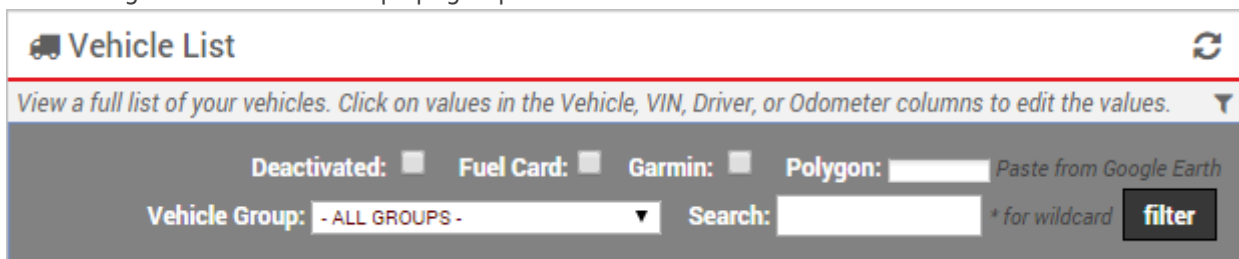

Filter the Vehicle List

If your vehicle list is long, you can use filter options to isolate a subset of vehicles.

▶ To filter the vehicle list:

1. From the portal, hover over the **Account** menu, click **Manage Vehicles**, and click **Open**.

The Manage Vehicles and Groups page opens in a new browser tab.

1. Choose from the following filter options:
 - **Deactivated:** Vehicles that have been marked as inactive.
 - **Fuel Card:** Vehicles that have a fuel card assigned.
 - **Garmin:** Vehicles that are equipped with a Garmin device.
 - **Polygon:** Paste the KML from [Google Earth](#) to isolate vehicles with locations inside of a particular

Link: <https://help.gpsinsight.com/docs/about-vehicles/editing-a-vehicle/> Last Updated: February 7th, 2019

geographic region.

- **Vehicle Group:** Vehicles that belong to a particular **vehicle group**.
- **Search:** Vehicles that match a description. Use * as a wild card before or after a string of characters.
- **Show All** Select the check box to show all vehicle records on a single page (may take more time to load).

2. Click **Filter**.

The vehicle list shows only the vehicles that match your filter criteria.

Edit Vehicle Details

The vehicle information reflects the values you entered during **registration**. Additional fields that were not available on the registration form include: **Fuel Type**, **Fuel Capacity**, and **Hide Location**.

► To edit vehicle details:

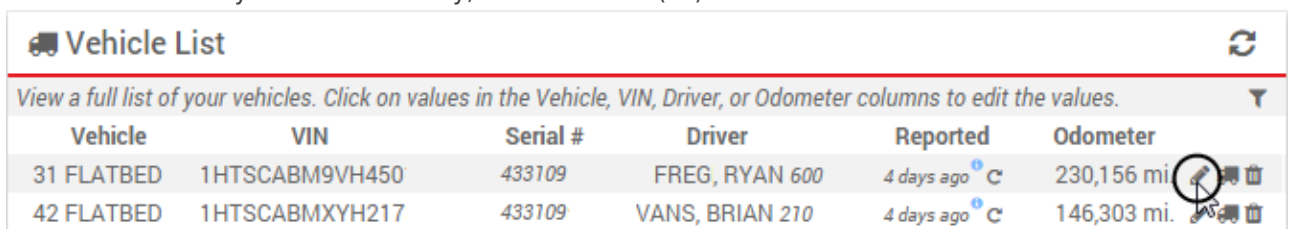

1. From the portal, hover over the **Account** menu, click **Manage Vehicles**, and click **Open**.

The Manage Vehicles and Groups page opens in a new browser tab.

Tip! You can also export vehicle information from the bottom of this page or update vehicle details in a batch process using **spreadsheet import**.

1. Locate the vehicle you want to modify, and click **Edit** (✎)

The screenshot shows a table titled "Vehicle List" with a refresh icon in the top right. Below the title is a red horizontal line and a text instruction: "View a full list of your vehicles. Click on values in the Vehicle, VIN, Driver, or Odometer columns to edit the values." The table has six columns: Vehicle, VIN, Serial #, Driver, Reported, and Odometer. There are two rows of data. The first row is highlighted in grey. The "Reported" column for both rows has a "4 days ago" label and a refresh icon. The "Odometer" column for both rows has a pencil icon circled in red, indicating the edit action.

Vehicle	VIN	Serial #	Driver	Reported	Odometer
31 FLATBED	1HTSCABM9VH450	433109	FREG, RYAN 600	4 days ago	230,156 mi.
42 FLATBED	1HTSCABMXYH217	433109	VANS, BRIAN 210	4 days ago	146,303 mi.

OR

If you are making a change to the VIN or Vehicle Label, you can click on the vehicle label or VIN you would like to change from the Vehicle List then enter your change and click **ok** (You are not required to complete the following steps if you are changing the VIN or Vehicle Label this way).

The screenshot shows a form with two input fields. The first field contains "8005-Volt2" and has "cancel" and "ok" buttons below it. The second field is empty and has "cancel" and "ok" buttons below it. To the right of the second field, there is a text label "4642068939" and "not set". Further right, there are icons for "2 grp", "0 node", and "Nov 14". On the far right, there is a text label "19 mi." and icons for a pencil, a trash can, and a refresh icon.

The Edit Vehicle Details page appears.

Tip! If you want to quickly switch to another vehicle from this page, use the **Vehicle** drop-down.

1. From the Edit Vehicle Details grid, add or edit **information**.
2. When finished modifying vehicle details, click **Submit Changes**.

Editing Vehicle Recall Data

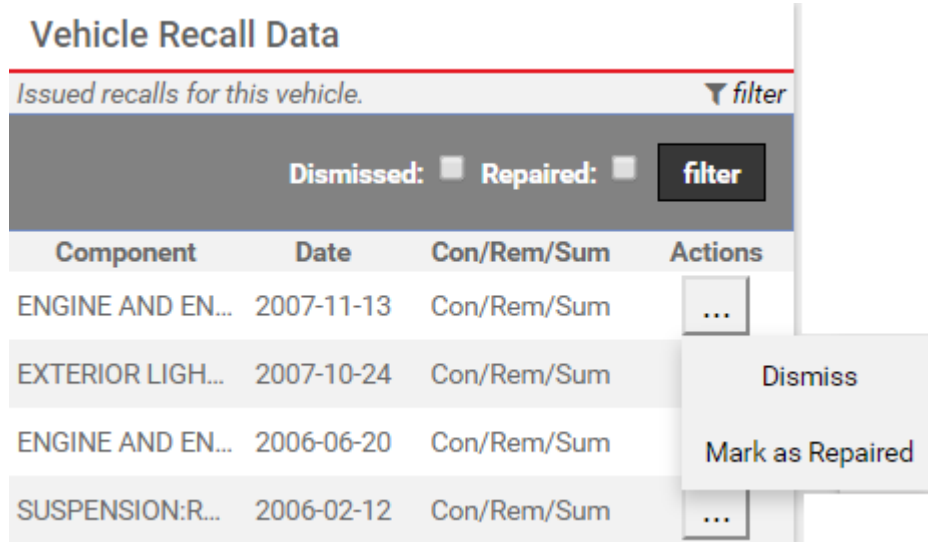

The Vehicle Recall Data section shows issued recalls for the selected vehicle. You may filter this list by Dismissed or Repaired status by using the corresponding checkboxes. You may also collapse the filter function by clicking on **filter**.

► How to edit the Vehicle Recall Data list:

Link: <https://help.gpsinsight.com/docs/about-vehicles/editing-a-vehicle/> Last Updated: February 7th, 2019

1. Under the Actions column, click on the ellipses button corresponding to the recall component you would like to edit.

A pop-up appears with the available edits (Dismiss and Mark as Repaired).

Vehicle Recall Data

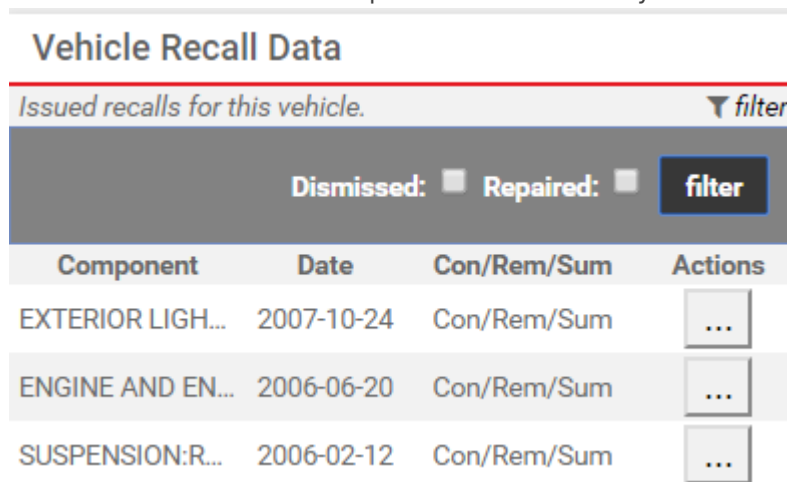

Issued recalls for this vehicle. filter

Dismissed: Repaired: filter

Component	Date	Con/Rem/Sum	Actions
ENGINE AND EN...	2007-11-13	Con/Rem/Sum	...
EXTERIOR LIGH...	2007-10-24	Con/Rem/Sum	Dismiss Mark as Repaired
ENGINE AND EN...	2006-06-20	Con/Rem/Sum	...
SUSPENSION:R...	2006-02-12	Con/Rem/Sum	...

2. Click on the applicable edit option.

The edit is made and the component is automatically removed from the visible list of issued recalls.

Vehicle Recall Data

Issued recalls for this vehicle. filter

Dismissed: Repaired: filter

Component	Date	Con/Rem/Sum	Actions
EXTERIOR LIGH...	2007-10-24	Con/Rem/Sum	...
ENGINE AND EN...	2006-06-20	Con/Rem/Sum	...
SUSPENSION:R...	2006-02-12	Con/Rem/Sum	...

3. To see edited issued recalls, click the checkboxes next to **filter** and click **filter**.

Edited recalls for the vehicle appear.

Editing a Vehicle Label with an Attached Logging Device

If you have provisioned a tablet in a vehicle and you make a change to the vehicle label by following the instructions provided above, you are required to **reprovision** the tablet. A warning icon (Vehicle List) or message (Edit Vehicle Details) as described below appears to notify you that the tablet must be **reprovisioned**.

Vehicle List Warning:

- From the Vehicle List, a red warning icon () appears in the Vehicle List window (next to the newly edited vehicle label) indicating that the tablet must be **reprovisioned**.
- If the icon is grey, the tablet has been successfully provisioned.

Vehicle List filter

View a full list of your vehicles. Click on values in the Vehicle, VIN, Driver, or Odometer columns to edit the values.

Deactivated: Fuel Card: Garmin: ELD: Polygon: Paste from Google Earth
