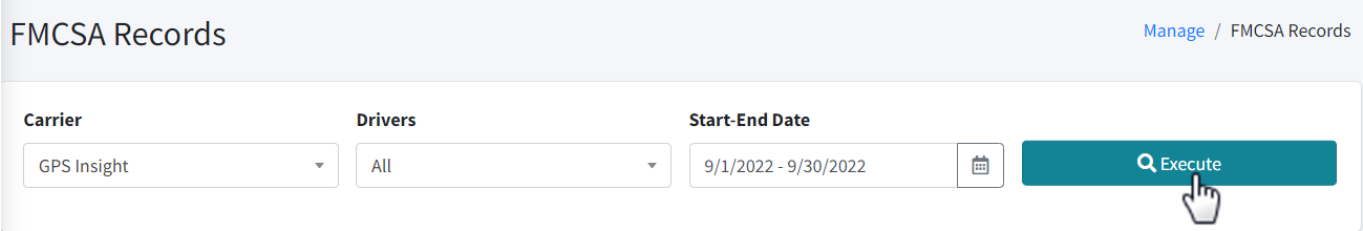
Running the FMCSA Records Report

Link: https://help.gpsinsight.com/docs/eld-complete-admin-reference-guide/running-the-fmcsa-records-report/ Last Updated: January 24th, 2023

The FMCSA Records report provides a list of all records that have been sent to the FMCSA upon request. The records that can be requested include driver rides and ECM data. ELD Complete keeps a record of the report types and dates sent to FMCSA.

To run the FMCSA Records report:



1. In eDash, click the FMCSA Records tab
2. Select the appropriate company from the Carrier dropdown list.
3. Select the appropriate driver or all drivers from the Drivers dropdown list.
4. Select the date range you would like to view from the calendar.
5. Once complete, click **Execute**.
