

From the Explore page of the Fleet Tracking Portal, you can schedule an installation using our partner, Techsbook.

**Note.** This feature is only available to US-based customers.

## To Schedule an Installation:

1. From the Explore page, click **Schedule an Install** under the Administration section.

A Customer Acknowledgement pop-up appears.

2. Please read the acknowledgment, then click **Proceed** to agree to the acknowledgment.

### Customer Acknowledgment

By Selecting "Proceed" below, I acknowledge I am leaving the GPS Insight customer portal to navigate to a 3rd party resource, Techsbook, to schedule my installation(s).

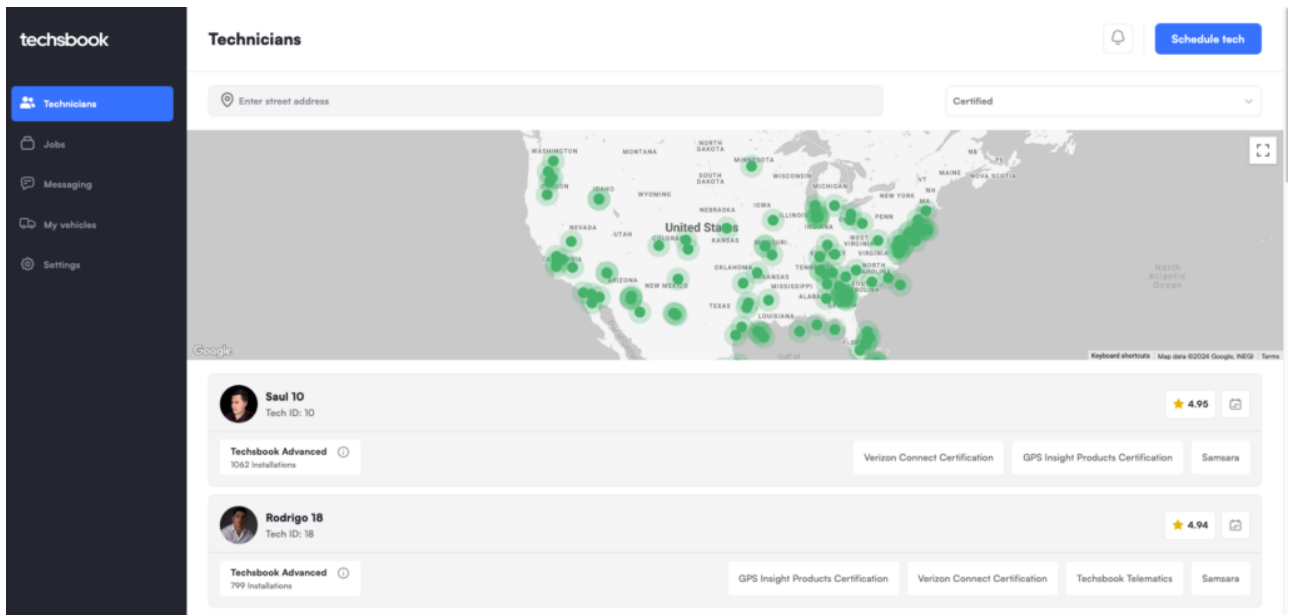

GPS Insight is not responsible for any of the agreed upon installation terms and conditions between Techsbook and myself (their customer)

You are navigated to Techsbook's website.

3. If you are a first-time user, you will be prompted to set up an account by clicking **Get started**. For returning customers, click **Schedule tech** to begin the scheduling process.

# Scheduling an Installation

The screenshot shows the 'Technicians' page in the Techsbook application. On the left is a dark sidebar with the 'techsbook' logo and navigation options: Technicians (selected), Jobs, Messaging, My vehicles, and Settings. The main content area is titled 'Technicians' and features a search bar for 'Enter street address' and a 'Certified' dropdown menu. Below this is a map of the United States with green circular markers indicating technician locations. Two technician profiles are listed below the map:

- Saul 10** (Tech ID: 10) with a 4.95 star rating. His certifications include Techsbook Advanced (1062 installations), Verizon Connect Certification, GPS Insight Products Certification, and Samsara.
- Rodrigo 18** (Tech ID: 18) with a 4.94 star rating. His certifications include Techsbook Advanced (799 installations), GPS Insight Products Certification, Verizon Connect Certification, Techsbook Telematics, and Samsara.
