Here's what's new for Driveri!

## In-Cab Audio Alert: Driver Drowsiness - Excessive Yawn (Beta)

A new In-Cab Audio Alert "Driver Drowsiness - Excessive Yawn" has been added to the **Configurations > Alerts > In-cab Audio Alerts** page in the Driveri portal.

An audio alert stating "Please Stay Alert" will sound when Driveri detects that the driver is yawning continuously (2 to 3 times) in 3 minutes.

**Note.** This feature is currently Beta.
