Bug Fixes

- Fixed an issue where the grid lines are not being shown in the Grid Chart after removing the “No Logs for CDL short-haul Drivers” and “No logs for Agricultural” exceptions at the same time.
- Fixed an issue where an Unidentified alert email is still being sent even if the vehicle is already deleted
- Fixed an issue where the DVIR Number is not being returned on the api/v2/dvirs API
- Fixed an issue where a Violation occurs when in Unidentified driving
- HOS Reports > Raw Punch Report > Fixed an issue where the last recorded Off Duty event with no succeeding duty status is not recorded as Clock Out time
