## Feature Updates

Link: <https://help.gpsinsight.com/product-features-and-updates-10162017/> Last Updated: October 16th, 2017

This Product Features and Updates announcement for GPS Insight **Pro and Enterprise** includes updates for Alerts.

## Alerts

### Ignition Alert

You can now opt to send a notification when a vehicle turns on or off with the **Ignition Alert**, available on the **Alerts Manager** page of the Portal (**Accounts > Manage Alerts > Open**).

**Note.** Setting this alert for a large number of vehicles is not recommended.

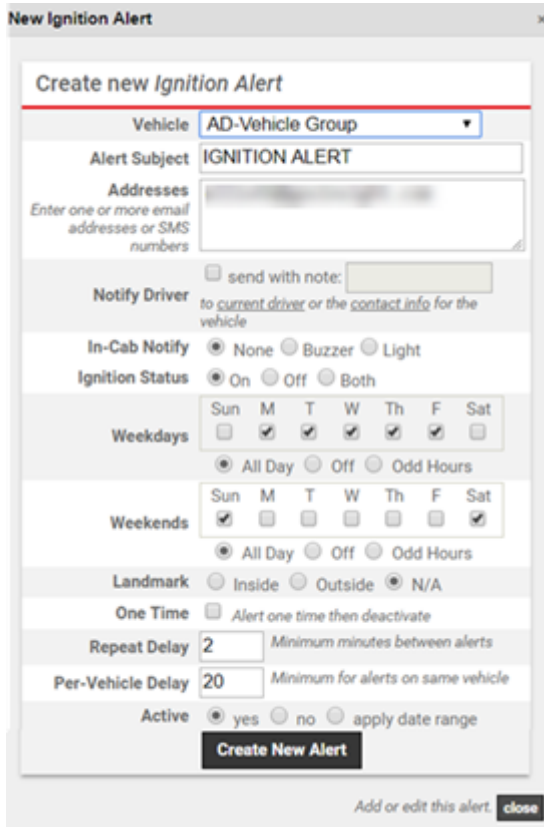

#### Alerts List

<b>Accel Alert +</b>	<i>Alert when a vehicle violates the specified accel threshold.</i>
<b>Asset Inputs Alert +</b>	<i>Alert when an asset's input changes status.</i>
