

# Product Features and Updates - 11/13/2017

## Feature Updates

---

Link: <https://help.gpsinsight.com/product-features-and-updates-11132017/> Last Updated: November 17th, 2017

This Product Features and Updates announcement for GPS Insight **Standard, Pro, and Enterprise** includes updates for Alerts.

### Alerts

## Diagnostic Alert

The new **Diagnostic Alert** has replaced the Temperature Alert. The **Diagnostic Alert** sends alert notifications based on user-configured thresholds set for Temperature Sensor, Coolant Temperature, or Engine Speed.

You can enable this notification via the Alerts Manager page of the Portal (**Accounts > Manage Alerts > Open > Diagnostic Alert**) and set your own thresholds.

### Alerts List

---

**Diagnostic Alert** + *Alert when a diagnostic threshold is reached.*
