This Product Features and Updates announcement for GPS Insight **Pro/Enterprise** includes updates for Menus and Administration functions.

### Menu Updates

## Custom Menu Changed to More

The menu formerly known as “Custom” has a new label: “More.” The items within this menu are reorganized to . This menu displays only features that are available to your account.

### Administrative Updates

## Diagnostic Odometer Availability

We now support the ability to apply different diagnostic odometer algorithms to heavy-duty and light-duty vehicles. These options are **ONLY** visible to **Support** representatives, but your Account Manager can help you determine which methods to apply to your vehicles. Learn more about [how odometer values are calculated](#).
