This Product Features and Updates announcement for GPS Insight **Pro/Enterprise** includes updates for Administrative Features and Reports.

Administrative Features

Fuel and Emissions Info Page - Fuel Types

You can now select **Compressed Natural Gas** and **Propane** fuel types on the **Fuel and Emissions Info** page.

Vehicle List ↻

This information will be used in the Idle Time / MPG report to calculate Greenhouse Gas (GHG) emissions. Click on values in the table to edit. NOTE: All vehicles will have a default value of 0.400 Idle GPH unless you specify. filter
