This Product Features and Updates announcement for GPS Insight **Standard, Pro, and Enterprise** includes updates for Administrative Features and Mobile.

### Administrative Features

## SAML Portal Login

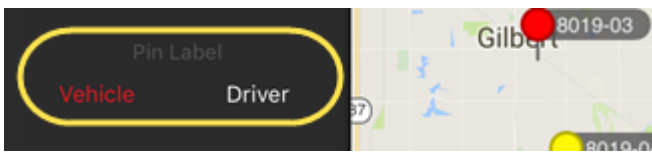

SAML login integration is now available for customers using an identity verification solution/provider. If you would like to set up SAML login integration with the Portal, please contact your **account manager**.

### Mobile

## GPS Insight Manager App (iOS) - Version 1.37

This update is now available from the **iTunes Store** and includes the following:

- Bug fixes and performance improvements
- New Pin Label option available in the **Menu**. You can now select to display pins with Vehicle ID or Driver labels.

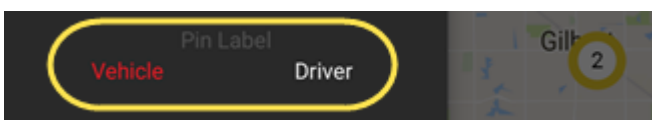

See the **Using the iOS Manager Menu** article for additional details.

## GPS Insight Manager App (Android) - Version 1.3.1

This update is now available from **Google Play** and includes the following:

- Bug fixes and performance improvements
- New Pin Label option available in the **Menu**. You can now select to display pins with Vehicle ID or Driver labels.
