This Product Features and Updates announcement for GPS Insight Pro/Enterprise includes updates for Administrative Features, Mobile, and Reports.

Administrative Features

User Permissions List

Settings related to administrative permissions (Driver Admin, Vehicle Admin, User Admin, and Hierarchy Admin) are now locked (cannot be de-selected) for the account's master user (Administrator).

Mobile

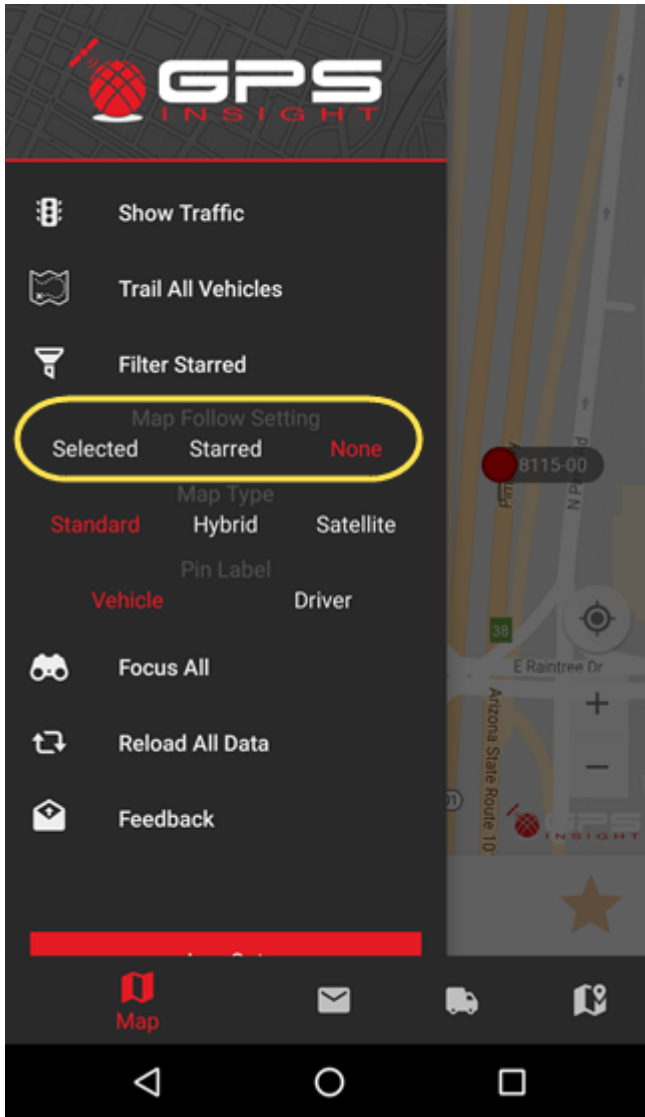

GPS Insight Manager App (Android) - Version 1.3.2

This update is now available from the [Google Play Store](#) and includes the following:

- Bug fixes and performance improvements
- Map Follow Setting – Allows you to set your preference for following vehicles (Selected, Starred, or None) on the map from the [Menu](#). See [Using the Android Manager Menu](#) for details.
