Link: <https://help.gpsinsight.com/release-notes-6-18-2020/> Last Updated: June 18th, 2020

This Product Release Notes announcement for GPS Insight **Pro and Enterprise** customers includes updates for Map, Portal and bug fixes.

### Map and Portal

#### New Map & Portal Updates

- **Map Filtering:** You can now filter the map by Fuel Type and Device!
- **Service Reminders:** Service Reminders are now available on the vehicle card. Past Due reminders will appear in red on the card.
- **Inputs on Speeding Alert:** You can now add an input to the speeding alert which will trigger if a vehicle is speeding with an input engaged.

### Bug Fixes

#### Bug Fixes & Enhancements

- Bugs were fixed for the Portal and Map.
- UX enhancements were deployed.
