This Product Release Notes announcement for GPS Insight **Standard, Pro and Enterprise** customers includes updates for Portal & Map.

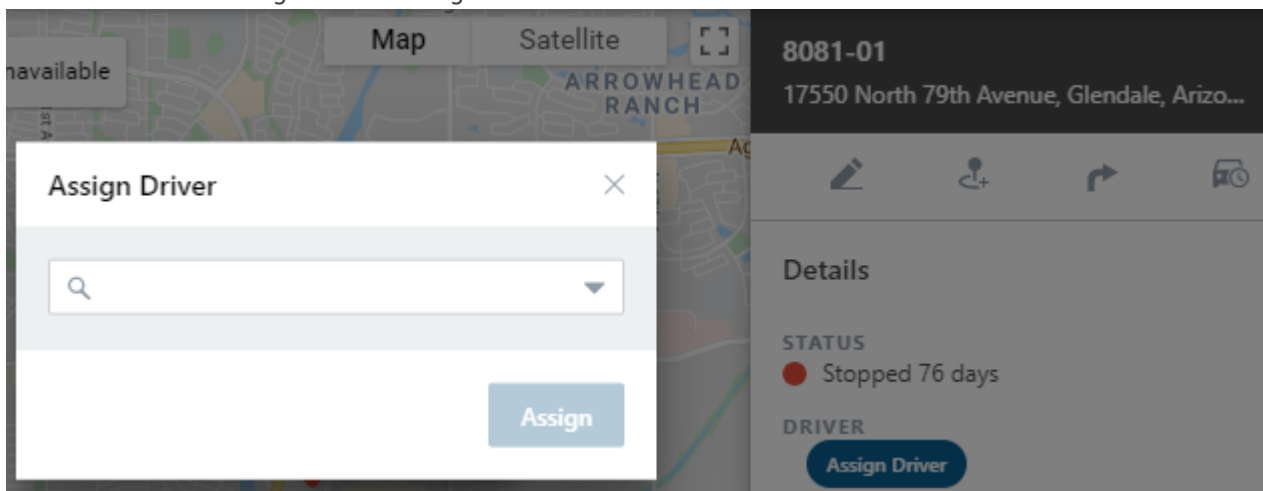

## Portal & Map

### New Updates

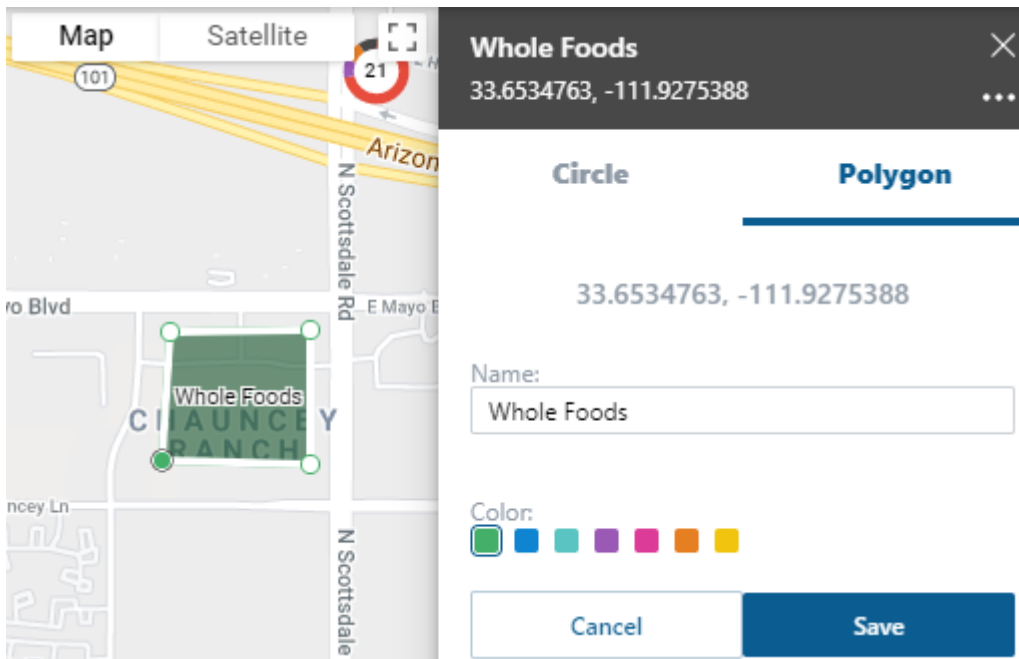

- **Reports:**
  - 10 new reports have been added to the Reports page in the new portal! Sign into the portal to view and use the new reports.

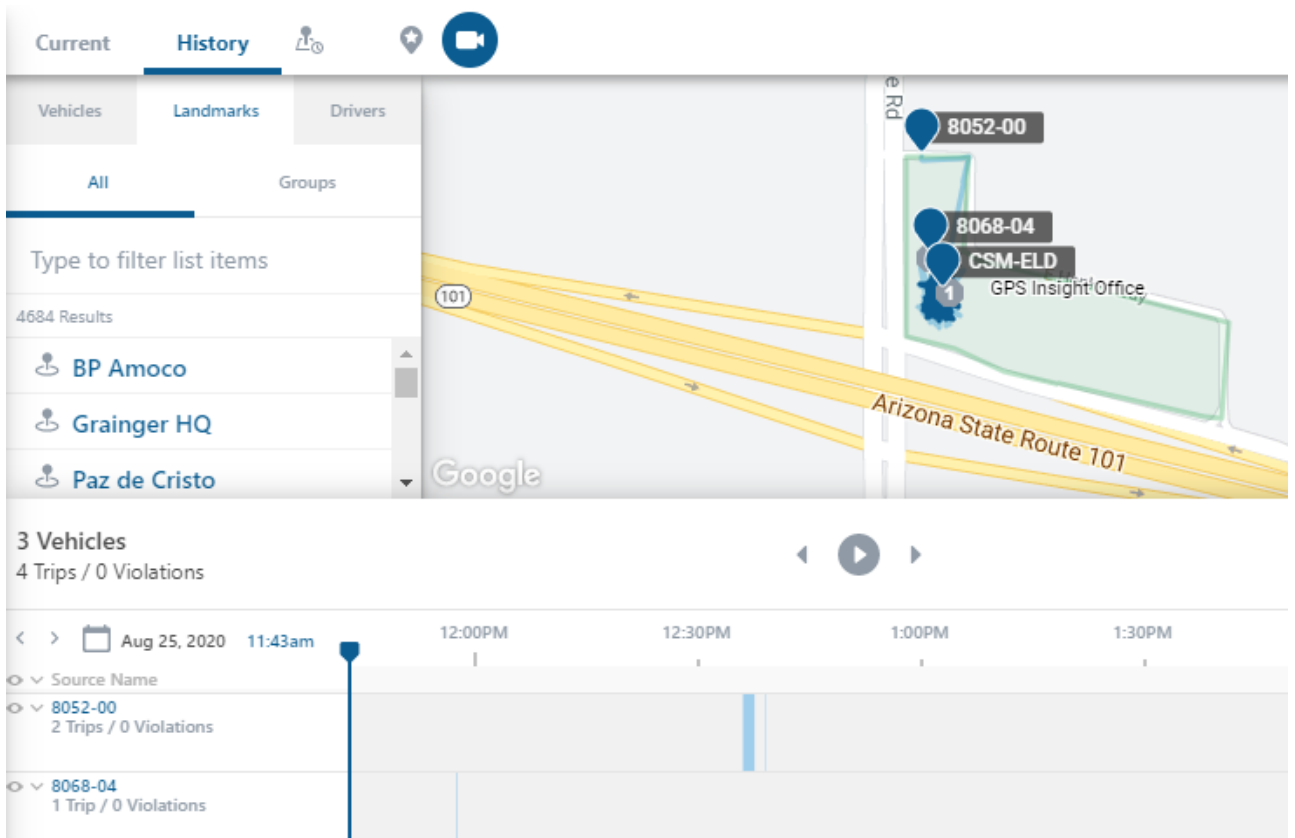

- **Drive Assign/Unassign:**
  - You can now assign and unassign drivers from vehicles in the Driver Card. The Driver Card will also show if a driver is assigned or unassigned from a vehicle.

- **Landmarks:**
  - You can now edit Landmark names from the Landmark Card.

- Landmark Label/Name are now available in the Landmark History feature.

• **Additional Feature Updates:**

- Driver entities and icons are now available on the map to make it easier for users to search for drivers.
- Puerto Rico Time Zone is now available in the new portal Preferences section.

## Bug Fixes

### Bug Fixes & Enhancements

- Bugs were fixed for the Portal and Map.
- UX enhancements were deployed.
