

What to Do Before Calling Support

We're sorry to hear your GPS unit is having technical issues. To assist our Support team in resolving the issue and getting your device reporting again, please follow the steps below.

1 Drive the vehicle.

Please confirm that the vehicle has recently or is currently being operated. If not, please take a moment to drive the vehicle within an area that is known to have good cellular reception.

2 Perform a visual inspection.

Please have the person driving the vehicle identify the following:

- > That the device is still securely installed.
- > That there are no objects resting on the top of vehicle's dash.
- > That there are no blown fuses in the vehicle's electrical box.

3 Run the Activity Detail Report.

After you have confirmed that the vehicle is or has been in operation, log into the GPS Insight portal, and run an Activity Detail Report for the vehicle in question.

4 Analyze the report.

A. No data available

Possible problem: Power or Antenna Issue

B. Only heartbeats with correct location data

Possible problem: Ignition detection issue

C. Ignition On/Off activity, but GPS location remains the same.

Possible problem: Unit placement issue

5 Prepare to contact support.

There are multiple ways to connect with Support:

- > Create a support ticket in your GPS Insight portal
- > Send an e-mail to support@gpsinsight.com
- > Give us a call: 1-866-477-4321, option 1

Please have the vehicle label or the device's 10 digit serial number readily available.

Vehicle Label: _____ (as it appears in GPS Insight)
GPS Device #: _____

Who will troubleshoot?

A. Your Mechanic/Technician

If you plan to disassemble the dash and work with the GPS Insight Support representative to fully resolve the issue, please bring spare hardware and voltmeter with you. If you want assistance with the troubleshoot, you can book an appointment with our third-party installation partner: [Techsbook](#)

B. Certified Preferred Installer

If you plan to have a GPS Insight preferred installer perform the troubleshooting, please have the physical address of the location where the troubleshooting will take place:

Onsite Contact Name: _____
Phone Number: _____
Email: _____
Address: _____
City: _____
State: _____
Zip: _____

6 Conclusion

Using the information you provide us, we will do our best to resolve the issue.
